

! Important !

Free & Reduced Meal Application Must Still be Submitted by Oct. 21st

There is some misinformation being shared that it is not necessary to fill out the free and reduced lunch application now that all meals are being offered for free. This is not true. It is very important that families who currently qualify for free and reduced lunch submit their applications to the district before October 21st. These applications are tied to our school funding. They may also be tied to P-EBT benefits that families could possibly get for being in the program. Families still need to apply so we have their application on file when the current program ends.

Please visit **www.schoolcafe.com** and complete and online application (on line applications are usually processed within 1 - 2 days) or return the paper application enclosed to your school IMMEDIATELY.

If you have any questions about this program, please contact:

Food Services 732-785-3000 ext 1508 or 1510
