BEHAVIORAL HEALTH GROUP

An Oaks Integrated Care Affiliate

Mission: Our mission is to deliver quality and compassionate behavioral health services to individuals and families through a Trauma Informed Care philosophy and approach.

Where youth can thrive!

School Based Youth Services Program (SBYSP) has existed in select New Jersey schools throughout the state since 1987.

We have been providing our services to the Brick School District since 2000.

SBYSP promotes supportive counseling, prevention, healthy youth resilience, emotional intelligence, and forming social connections. Conveniently located within the school setting, students feel comfortable accessing a full array of behavioral health, recreational, and social services at ***no cost to families.***

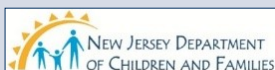

Referral Process:

Any student or family member that expresses an interest in being involved with SBYSP will be accepted to receive services. Parental consent is required to participate for students under age 16.

If your child attends any of the following schools we are happy to report that we are now extending our services to evening hours every Tuesday and Thursday.

Brick Township High School
Brick Memorial High School
Lake Riviera Middle School
Veterans Memorial Middle School

Funding provided by:

School Based Youth Services Program

Tuesday

5:00—7:00pm

Brick Township High School

Thursday

5:00—7:00pm

Brick Memorial High School

Evening Program Goals:
