

**BRICK TOWNSHIP PUBLIC SCHOOLS
BRICK, NEW JERSEY**

SUBJECT: STUDENT ACCIDENT INSURANCE

All student athletes (high school and middle school) should be informed that the Board of Education **does not** purchase student accident insurance; **Accidents include all potential injuries through Athletics and Co-Curricular Activities.**

Student accident insurance is available for purchase by the parent/guardian, and that information can be found on our website at www.brickschools.org on the Athletic Department webpage. No student athlete shall participate in practices and/or games without the signed acknowledgement for the athlete on file.

I have read the above memorandum from the Brick Board of Education and understand that the Brick Township Board of Education does not purchase student accident insurance and that a separate accident insurance policy can be purchased and the information is found on the district website at: www.brickschools.org on the Athletic Department webpage. Reminder: Accidents include all potential injuries through Athletics and Co-Curricular Activities.
