

Office of the Superintendent of Schools

Welcome to the 2023-2024 School Year!

BTPS Students, Staff, and Parents/Guardians,

As we prepare to embark on another year of learning, growth, and achievement, I want to extend a warm and enthusiastic “welcome back” to our students, staff, and parents! I hope everyone enjoyed their summer. Here at Brick Schools, we had another busy summer with multiple facility improvement projects, expanded summer programming such as ESY, “JumpStart” and Music Camp (visit our website to see highlight videos), professional development experiences for Faculty and Administration, scheduling, upgrading technology, and the hiring of staff.

It has been said, “Education is our passport to the future, for tomorrow belongs to the people who prepare for it today”. As we embark on another school year, we look forward to connecting with our students, parents, staff, and community; committed to supporting student growth in a nurturing and safe environment.

The 2023-2024 school year focus is on student attendance and student performance indicators and the multi-tiered system of supports and interventions that assist in these endeavors. Our learning environments will emphasize student-teacher-community connections (“Student-Centered, Teacher-Led, and Community-Connected”); providing support systems for all learners and staff. One of my favorite quotes is by Fullan & Langworthy, “Learning is rooted in relationships, and teachers can use this relationship to enhance student achievement and unleash each student's full potential”. We must continue to strive to create learning environments that foster these relationships! This is our Vision...This is our Mission...This is Brick Schools!

First day for staff is Friday, September 1st. First day for students will be Tuesday, September 5th. Parents are able to access their child’s schedule via the Parent Portal.

The start of a new school year brings with it a sense of renewal and opportunity. It's a chance for us to build upon the successes of the past while embracing the challenges that lie ahead. Our collective dedication to our students is what makes our district’s potential truly exceptional.

Thank you for your continued support and commitment to Brick Schools!

Sincerely,

Thomas G. Farrell, Ed.D.
